

## Legend EL400HG

### IGBT

The latest IGBT inverter technology guarantees the best welding performance.

### DC

Constant DC power output.

### Thermal protection

Prevents overheating of the welding machine.

### Anti-stick

The anti-stick function ensures that electrodes do not stick and weld easily.

### Hot start

The hot start ensures a high start-up voltage so that all types of welding electrodes ignite easily.

### A stepless

Infinitely adjustable Ampere to an accuracy of 1 ampere.

### VRD

Regulates the output voltage for safe welding.

### 3Phase

3 phase 400V input.

### REMOTE

Remote control connection.

### ARC FORCE

With the ARC FORCE, welding depths can be easily set during electrode welding.

### Digital

Digital display.
